PRESIDENT BIDEN'S MESSAGE

In an address on December 21, 2021, the President said:

- “not locking the country down”
- Encouraging vaccinations, including boosters
- Discouraging school closings
- Federal government is purchasing 500 million at-home tests, to be distributed for free by request in January
- Setting up federal testing sites

RECOMMIT TO CDC RECOMMENDATIONS

Fully Vaccinated People Should:

- Wear a mask indoors in public if they are in an area of substantial or high transmission.
- Get tested if experiencing COVID-19 symptoms.
- Get tested 5-7 days after close contact with someone with suspected or confirmed COVID-19.
- Wear a mask indoors in public for 14 days after exposure to a close contact or until a negative test result.
- Isolate if they have tested positive for COVID-19 in the prior 10 days or if they are experiencing COVID-19 symptoms.

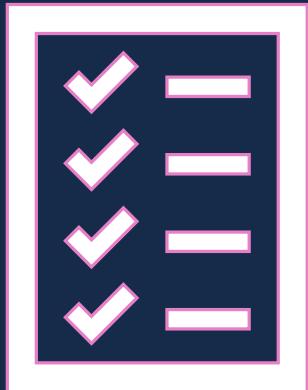

CDC recommends universal indoor masking for all teachers, staff, students, and visitors to schools, regardless of vaccination status. Children should participate in full-time in-person learning with proper prevention strategies in place.

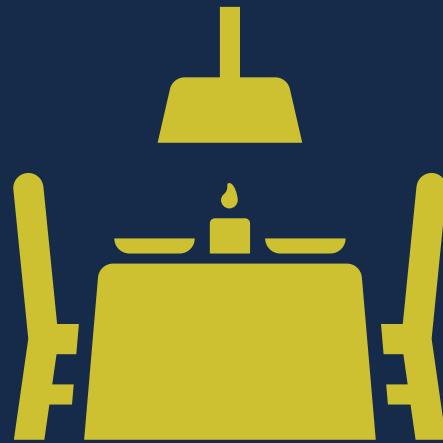

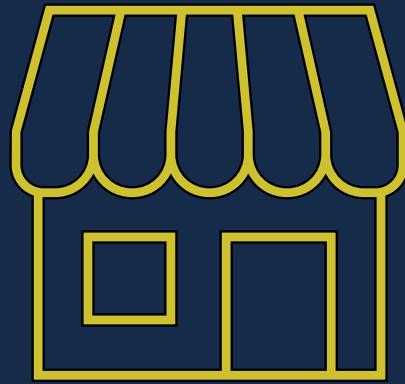

AHD GUIDANCE FOR THE HOLIDAYS

- Get a booster if you are fully vaccinated. Get vaccinated if you are unvaccinated.
- Take a rapid COVID-19 test the day of an in-person gathering.
- Get tested 3-5 days after travel, larger events or other crowded situations.
- Limit event participation to people who are fully vaccinated.
- Wear a mask that fits snugly over your nose and chin without gaps at the edges when you're gathering with others.
- Keep a sign-in sheet of gathering attendees so you can easily alert people if there was an exposure.
- Host your event outside or keep windows open during indoor gatherings.
- Keep portable hand sanitizer with you and offer it to others at gatherings

- PROTEJA A SU FAMILIA
- PROTEJA A SU COMUNIDAD

**LLEVE PUESTA UNA MASCARILLA EN LOS
ESPACIOS PÚBLICOS CERRADOS SIN
IMPORTAR SI YA SE HA VACUNADO O NO**

8.24.21

OSHA COVID-19 Vaccine Rule

- Published on November 5, 2021; temporary stay lifted on 12/17
- Applies to large employers (100 or more employees)
- OSHA will not issue citations for noncompliance before January 10, 2022 as long as an employer is exercising reasonable, good faith efforts to come into compliance
- Requirements:
 - Develop, implement & enforce a mandatory vaccination policy;
 - Determine the vaccination status of each employee, collect proof of vaccination information/status from employees;
 - Provide paid time to employees to get vaccinated, and allow paid leave to recover from any side effects;
 - Ensure that each non-fully vaccinated employee is tested for COVID-19 at least weekly;
 - Require employees to provide notice when they test positive for COVID-19 draft and distribute a policy consistent with the Emergency Temporary Standard requirements; and
 - Require masking of unvaccinated workers.
